

'Hound Hero'

Not everyone can take on the responsibility of an additional pet. Let's face it, as much as you would like to add another basset to the family there might be space issues, your landlord might have "maximum" restrictions or even your city might have a limit on the number of dogs permissible.

The 'Hound Hero' program lets you get involved directly without worrying about any restrictions. Quite simply, the program focuses on helping us properly prepare a basset for adoption or fostering. This means primarily vet expenses such as vaccinations, spaying/neutering, dental work, necessary surgical processes and even micro chipping. Funds can also be applied to purchasing medications as well as to offset any costs of boarding and transportation.

The program is extremely flexible as you may make a one-time donation or establish a recurring monthly donation for a specific amount of time or earmarked until the basset is adopted.

During this pre-adoption/fostering period the basset becomes, in essence, your very own as we will provide you with monthly photos and updates.

You will receive special recognition for your efforts by being listed in our Waggin' Tales magazine and on our website in association with the dog's bio.

So, what is the difference between the 'Hound Hero' program and the WBHR Development Fund? Being a 'Hound Hero' means 100 percent of your donation goes specifically to the maintenance of "your basset" whereas the Development Fund helps finance all aspects of the organization such as postage, printing, social activities, food, special needs, etc.

But, rest assured, whichever method of support you choose, ALL of the funding goes exclusively to the care of our bassets.

Your 'Hound Hero' Donations Provide Specifically For:

- ✓ Spaying/Neutering
- ✓ Dental Work
- ✓ Surgical Procedures
- ✓ Micro Chipping

- ✓ Boarding
- ✓ Transportation
- ✓ Vaccinations
- ✓ Medications
