## Memoir of an Abandoned Basset Hound ... by Rocky "The Rocket" Montana

Memoir of an Abandoned Basset Hound

If you've been wondering what I've been doing since the my last newsletter, published almost one year ago, I've been writing my memoir with the help of my master who agreed to be my Personal Secretary. It has taken almost a year to complete. And, now that it's finally done, my *Memoir of an Abandoned Basset Hound* is available for sale as an eBook.

My eBook is my life story. It chronicles my life from being abandoned to roam the streets of Wyoming during the cold month of October . . . to being rescued by Wyoming Basset Hound Rescue (WBHR) . . . and all the wonderful heartwarming adventures I have had since being adopted. It also includes important information for pet owners about dog food, grooming, training and other important topics. I now live in Philipsburg, Montana with my master who is my "Forever Friend."

All the proceeds from my eBook, only \$3.95, will be donated to WBHR to rescue Basset Hounds, and find each one rescued a "Forever Home." My "Forever Home" is a place where I can live out my life, grow old in a loving home with my master, and pass on knowing that I was loved for eternity.

Thank you to Holly at WBHR. Thank you also to all the volunteers who provided me a Foster Home. They opened their hearts to me during my transition to being adopted. You will forever be cherished in my heart.

In order to let my master know how much I love him, I left a message for him in the early October snow in the backyard. Here is the photo of my message to my master. My

master was really surprised, and I mean really really surprised, by my message to let him know how much I love him, and I do.
